

IAFN Clinical Skills Lab Training

Course Dates: Saturday and Sunday, September 30 and October 1, 2017, 0730-1630

Have you taken the 40 hour SANE course but still need experience performing medical forensic exams for adult/adolescent sexual assault patients? If so, this 16 hour IAFN Clinical Skills Lab is for you.

This 16 hour Clinical Skills Lab will provide the nurse hands on Sexual Assault Examination training with live models. The Skills lab includes training and practice on pelvic speculum insertion, obtaining a medicolegal history, evidence collection and handling, anoscopy, and photography. The Skills Lab will provide training and practice with developing a plan of care, discharge/safety planning, and risk assessment for STI's, pregnancy, and HIV with discussions regarding options for prophylaxis of each. This Clinical Skills Lab is designed to provide clinical practice to nurses who are new SANEs or SANEs who have not had the opportunity to perform many exams. The Skills Lab will increase the nurse's skill and confidence with performing medical forensic examination of the adult and adolescent sexual assault patient.

Clinical Skills Training Scholarships

OVC has graciously extended the deadline for applications for grant funding for this lab to August 16. Grant applicants must document their work with victims for at least a year. This can be work with victims in your regular roles or as a volunteer. Most of the new SANEs who participate in a skills lab do not have a year as a SANE so you must document other work with victims and the benefit that victims will receive by the nurse attending the skills lab.

From OVC: We are only accepting paper applications for the IAFN Clinical Skills Training on September 30 – October 1 in St. Paul, MN. Applicants may download and fill out the [MS Word](#) application version. They can either fax (703-225-2338) or email (TTAC@ovcttac.org) their completed application to OVC TTAC by August 16. We will not accept any applications dated after the deadline date. Applicants may also call the OVC TTAC Call Center at 866-682-8822 if they have any questions on the application or if they did not receive an email confirmation two business days after they submitted their applications for consideration.

Prerequisite: The nurse must have attended a 40 hour SANE course prior to attending the Clinical Skills Lab. This could either be a SANE-A course or SANE-P course, although the skills lab focuses on the adult and adolescent patient. You must be a licensed RN.

IAFN Clinical Skills Lab Registration

Name _____

Name of your Hospital _____ Current position at your hospital _____

Home Address _____

RN license #, Expiration date, and state where you are licensed (include a copy of your license or some verification you are a currently licensed RN): _____
