

SANE Case Practice and Workshop

A RE Lab Experience

RE Lab's SANE Case Practice and Workshop is a unique opportunity to develop your skills in caring for a patient who has experienced sexual violence and to join our growing network of [RE Lab SANEs](#).

What you will do in this experience:

- Gain confidence and competence caring for a patient presenting with a recent experience of sexual violence
- Learn from expert sexual assault nurse examiners
- Your level of experience will be accommodated in our tailored teaching and small group processes
- Simulation experiences will cover four phases of a forensic nurse exam with an adult or adolescent: trauma-informed history taking, head to toe assessment (with photography), pelvic exam (with photography), and medication assessment/discharge education
- Learn alongside colleagues, taking time to talk through challenges and to practice these skills

Where: University of Minnesota Minneapolis campus

When: Monday, February 12th – Tuesday, February 13th
Thursday, June 6th – Friday, June 7th
8:30am – 5:00pm each day

Prerequisites for Participation: Completion of a 40-hour didactic SANE-A course and a SANE-A clinical skills lab.

This is currently a free opportunity for RE Lab members. Travel and lodging are eligible for reimbursement based on distance traveled. Not a RE Lab member? Apply at bit.ly/RElabmembership.

Questions? Email us at relab@umn.edu

"I highly recommend this training for everyone, but especially if you are new and starting out. You will gain so much new insight. The connections you make with other SANEs is life-changing."
